Skills

- **Team Collaboration:** Ability to work effectively within cross-functional teams, contributing to shared goals.
- **Communication:** Strong verbal and written communication skills to convey complex ideas clearly.
- **Problem-Solving:** Analytical mindset for identifying and solving data-driven business challenges.
- **Curiosity & Continuous Learning:** Driven to continuously learn new skills and stay informed about the latest technologies.
- **Adaptability:** Comfortable working in a fast-paced environment and adapting to new tools or technologies.
- **Time Management:** Strong organizational skills to manage tasks and meet deadlines effectively.
- **Leadership:** Successfully led cross-functional teams to meet production goals.
- **Attention to Detail:** Thorough in validating data quality and ensuring accuracy in analysis and solutions.

Education

- Computer Programming and Analysis – Advanced Diploma (CO-OP)

Sep 2023 – Ongoing

Fanshawe College, London Ontario

Maintained GPA 3.9

- **Programming Languages:** Java, C++, JavaScript, HTML, CSS
- **Database Management:** SQL, non-relational and relational databases
- **Analytical Thinking:** Ability to analyze complex code and system architecture to identify issues and optimize performance.

-General Arts and Science-1 Yr (English Language Studies)

Level 09

January – September 2023

Fanshawe College

Maintained GPA 4.0

-Applied Chemistry - Bachelor's Degree

Sep 2001 – June 2006

Damascus University, Syria

- **Analytical Thinking:** Developed the ability to analyze chemical data and draw logical conclusions from experiments.
- **Research Skills:** Gained experience in conducting thorough literature reviews, designing experiments, and applying scientific methodologies.
- **Lab Safety and Compliance:** Adherence to strict safety standards and regulatory guidelines.
- **Quantitative Analysis:** Gained proficiency in calculating concentrations, reaction yields, and other quantitative chemical metrics.
- **Sustainability Awareness:** Learned about environmental impact and sustainability in chemical processes, promoting eco-friendly practices in experiments and industry applications.
- **Precision & Accuracy:** Enhanced skills in delivering accurate results, reducing errors, and following strict protocols in all experiments.

Experience

Plastic Blowing HDPE & PP Section Supervisor

May 2020 – September 2022

Hoka Industry, Douala, Cameroon

- Offered guidance and support to the team, creating a positive and productive work atmosphere.
- Kept accurate records of employee performance, disciplinary actions, and training progress.
- Identified areas for improvement and developed actionable strategies to enhance team performance.

Quality Control Inspector

September 2018 – May 2020

Production Manager

June 2015 – September 2018

Atlas Negoce, Douala, Cameroon

- Created quality control plans and ensured production standards aligned with project requirements.
- Managed research and development initiatives to drive innovation and enhance processes.
- Identified and implemented improvements to increase productivity and product quality.
- Led audits and monitored operations to ensure cost efficiency, quality, and timely delivery.
- Conducted performance evaluations, offering feedback to support employee growth and team development.

Laboratory Technician

June 2008 – September 2014

Madar Group, Damascus, Syria

- Managed multiple projects simultaneously, consistently meeting strict deadlines.
- Identified deviations in production procedures and promptly reported them to the supervisor.
- Prepared analysis reports and communicated findings to internal teams and external clients.

Laboratory Technician

November 2006 – May 2008

SICCO, Damascus, Syria

- Performed sample analysis using spectrophotometry and chromatography.
- Maintained detailed records and prepared comprehensive analysis reports.
- Collaborated with production and R&D teams to optimize processes based on analytical results.
